

## Little star bottom pattern used for the video, 'How to crochet a mandala in a ring'.

This bottom has 17 rounds and 12 increases.

It is always a challenge for me to hide 'the jog' as much as possible.

To hide it, I have added an extra increase in round 4 and 5.

I left out an increase in round 11 and 15.

You start at the green line and read the graph anti clockwise, so from right to left.

The small green lines mark the increases.

Because I have added extra increases, you will get more stitches. To make those extra stitches visible in the graph, I have cut some stitches in half.
